BCC Motion regarding smoking on film locations in VHFHSZs

The official film office of the City of Los Angeles is FilmLA, a 501(c)4 not-for-profit public benefit organization managed primarily by film industry representatives. The Board of Public Works, through the Mayor's Office of Television and Film, has a dedicated Motion Picture and Television Manager, currently Eva Bitar. She is the FilmLA Contract Administrator and works with a designated staff person responsible for film issues within each City Department. Eva may be contacted at Eva.Bitar@lacity.org or call her cell at 213-344-8498. The LAPD also has a Contract Services Section Film Unit, which I believe is the entity overseeing the contracting of LAPD officers used for security at filming locations.

Here is a draft motion to present next week.

WHEREAS outdoor smoking is prohibited in Very High Fire Hazard Severity Zones (VHFHSZ);

WHEREAS, permits for film shoots are regularly issued by FilmLA for locations within a VHFHSZ;

WHEREAS, film permits can and do contain special conditions for numerous locations within the City;

WHEREAS, there are currently no special conditions limiting smoking included in film permits issued by FilmLA for locations within a VHFHSZ; and

WHEREAS, the Board of Public Works has a dedicated Motion Picture and Television Manager, to act as the FilmLA contract administrator;

THEREFORE BE IT RESOLVED,

The BCC urges the Motion Picture and Television Manager for the Board of Public Works require FilmLA to include a specific no outdoor smoking prohibition in all film permits issued for locations within a FHFHSZ.
