Oppose IKE (interactive kiosk) program (CF 22-1154)

Passage deadline: February 2023

Passed by

- Bel Air-Beverly Crest Neighborhood Council (modified version)
- Mar Vista Community Council
- Neighborhood Council of Westchester/Playa
- West LA-Sawtelle Neighborhood Council (modified version)
- Westside Neighborhood Council (modified version)

Motion

Refers to City Council file [22-1154](#)

____ NC/CC opposes the IKE program as present in Council File 22-1154 for the following reasons:

- There is no local competitive bidding process.
- This project needs a financial analysis, as it is using public space to generate revenue.
- This project has negative environmental impacts and there is no environmental review (CEQA).
- This project creates visual pollution and takes away space on the sidewalk that could be used for trees.
- This project is a source of driver distraction, which is contrary to the City's Vision Zero policy.

Venice Blvd. Improvements Project Concerns/Withhold Support

Proposed by Jay Handal and MTC on October 24, 2022

Passage deadline: January 2023

Passed by

- Neighborhood Council of Westchester/Playa
- Venice Neighborhood Council
- West LA-Sawtelle Neighborhood Council (modified version)
- Westside Neighborhood Council (modified version)

Motion

Refers to City Council file [22-0694](#)

The _____ CC/NC, a member of the Westside Regional Alliance of Councils, is concerned that removing one vehicle lane in each direction on Venice Blvd. between Inglewood Blvd and National Blvd. will divert traffic onto other adjacent local, collector and arterial streets. Until such time as LADOT conducts modeling studies to predict the volume of vehicular traffic that will be diverted off Venice Blvd. when the road diet component of this project is installed, our Council will be withholding its support for Phase One of the Venice Blvd Mobility Improvements project.

The member Councils directly affected by this project are: Venice, Mar Vista, Palms and South Robertson. The member Councils which may be affected by redirected traffic include: Del Rey, WLA/Sawtelle and Westside.
